and twelfth government environmental laboratory conference

# 10 Reasons to Attend the 2018 APHL Annual Meeting

Where Laboratory Science and Public Health Meet

1. Learn about new technology/ trends/ what's hot in public health laboratory science, at this 4-day conference with 4 pre-conference workshops, 45 sessions, industry workshops and over 100 posters, on a variety of topics, relevant to you.
2. Discover new products and services for your laboratory from 60+ exhibitors.
3. Explore APHL resources at the Experience. Get the annual scoop on the state of APHL at the Member Assembly.
4. Listen to a thought-provoking presentation by the international award-winning novelist and journalist, Maryn McKenna, author of *Big Chicken*, as the Katherine A. Kelley Distinguished Lecturer.
5. Network with old friends and meet new ones. Get inspired by your peers; renew excitement about your science, your work, your mission and public health.
6. Find solutions to your problems by exchanging best practices with colleagues.
7. Meet industry leaders face-to-face and contribute to discussions.
8. Recognize your colleagues for their amazing accomplishments at the Awards Breakfast.
9. Earn up to 15 P.A.C.E.® continuing education credits.
10. Enjoy sunny southern CA in Pasadena, the city of roses!
