

May 17–20, 2022

Cleveland, OH

APHLTM 2022

where laboratory science and public health meet

Top Reasons to Attend

Learn about issues, trends and best practices driving laboratory science and public health today. Discover new products and services from leading industry partners.

Get inspired by colleagues, including our keynote speaker Leandro Mena, MD, MPH, Director, Division of STD Prevention, Centers for Disease Control and Prevention.

Reconnect, have fun and unwind with old friends and meet new ones! Renew excitement about your science, your work and public health.

Celebrate your colleagues and their amazing accomplishments during the APHL Annual Awards Ceremony and Breakfast.

Earn up to 40 continuing education credits (P.A.C.E.[®] and CPH)

Rejuvenate with our new health and wellness activities.

Join us for a run, walk, stretch or dance step. Pause for some mindfulness. Take a game break between sessions and have fun!

Explore Cleveland! From renowned cultural institutions to vibrant neighborhoods, inspired food and beverage offerings, action-packed sports and popular greenspaces, engaging experiences await in our host city.
