**Virginia Division of Consolidated
Laboratory Services**

2013 Kati Kelley & PulseStar Awards

Presented by
APHL and CDC/EDLB

You might be a PulseStar if...

- During the summer of 2012, you helped to identify a national outbreak involving 22 states
- 73 *Salmonella* Typhimurium isolates were matched by PFGE
- Your dedication and long hours in the lab resulted in turning out results within 4 days
- You worked with your state's Department of Public Health and Food Protection and Safety Division to trace the source of the outbreak to cantaloupes sold at a farm in a neighboring state

PulseStar Award Winner:

William Grooms

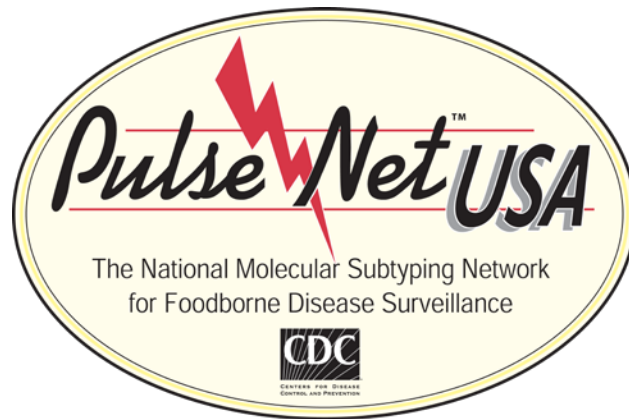

Kentucky Division of Laboratory Services
Department of Public Health
